1. General info

To register on the website, it's necessary to be a student of KSMU, who has a current electronic access card and a record book.

It is checked by the number of an electronic access card and a record book during the registration whether a user is a student of KSMU and the web registration is made only after the confirmation of the reconciliation of input data with the database.

The registration on the web-site is made for the further work of students with a personal account and portfolio.

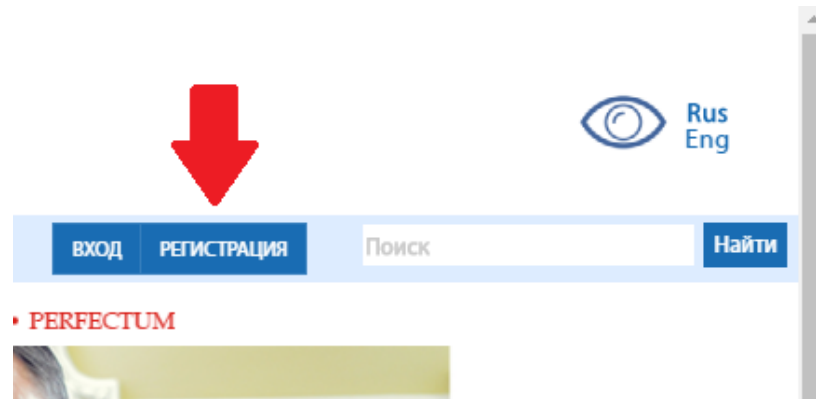

All the information concerning the development, innovations, new functions is available at the tab «News from the developers» near the Personal account in the internal menu of the website.

2. Registration and Authorization

2.1. Registration

To register on the website, you need to make several simple actions:

1. To press the button REGISTRATION on the main page at the top right (Fig. 1) Fig 1. User registration button

(REGISTRATION)

2. To fill in your personal information in the form fields (Fig. 2)

After pressing the registration button the form will appear where all the fields must be filled in:

-E-mail address (current, as after you sign-up it's necessary to confirm the registration by e-mail)

- Electronic access card number which consists of the 13 figures. (If you enter the number of your electronic access card correctly, but on the web-site it's written that you're not a student or there is a mistake in the filled in information, you need to consult the office 301 in the dental building on the 3^d floor to compare the electronic access card number in the database. In case of mismatch you will get a new access card with the correct information.)

- Year of birth. (4 numbers)
- Phone number
- Create a new password, it must not be used anywhere else.
- Confirm your password by entering it once again.

A screenshot of a login form. The form is titled 'Вход' (Login). It contains two input fields: the first is labeled 'Фамилия и инициалы для преподавателя, почта для студента' (Surname and initials for teacher, email for student) and the second is labeled 'Пароль' (Password). Below the password field is a checkbox labeled 'Запомнить меня' (Remember me). At the bottom of the form is a large blue button labeled 'Войти' (Login). In the bottom right corner of the form, there is a 'Закреть' (Close) button.

(Enter, e-mail address, password, Remember me, Enter)

Fig 9. Site entering form

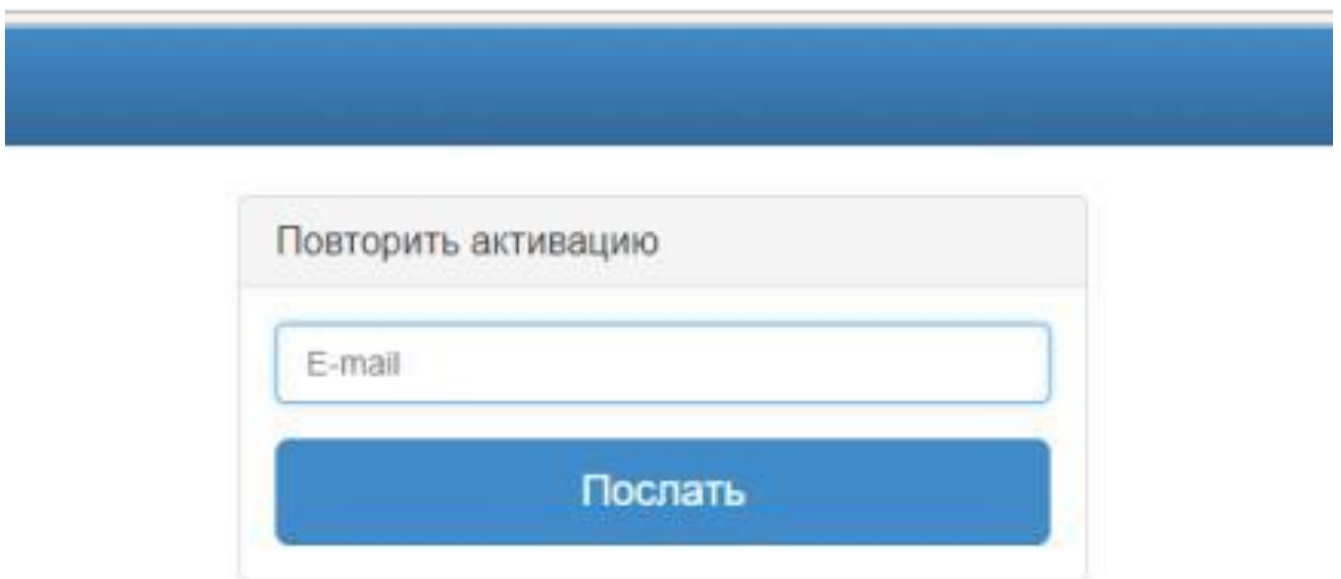

After entering your data, that you have just created when filling in the registration unit, press the button ENTER and if you filled everything correctly, but the login isn't activated yet, then the following message will appear on the screen (Fig. 10):

(Error: Your account hasn't been activated yet Repeat the activation)

Fig 10. Activation error

For getting the repeated activation message press the button REPEAT THE ACTIVATION. Enter your e-mail in the simple form and press the button SEND (Fig. 11), then check your mail once again. (Sometimes it takes some time to receive such letters)

(Repeat the activation, Send)

2.3. Authorization

If you are a teacher of KSMU, you don't need to register, just enter the site using corporate login (surname and initials separated by space) and your password. If you forgot your corporate mail password, consult the office 301.

As illustrated above, to register, you need to press the button ENTER on the main page at the top right and fill in the authorization form (Fig. 8) (Fig. 9).

If you entered the e-mail or password incorrectly, the message will appear on the screen (Fig. 12):

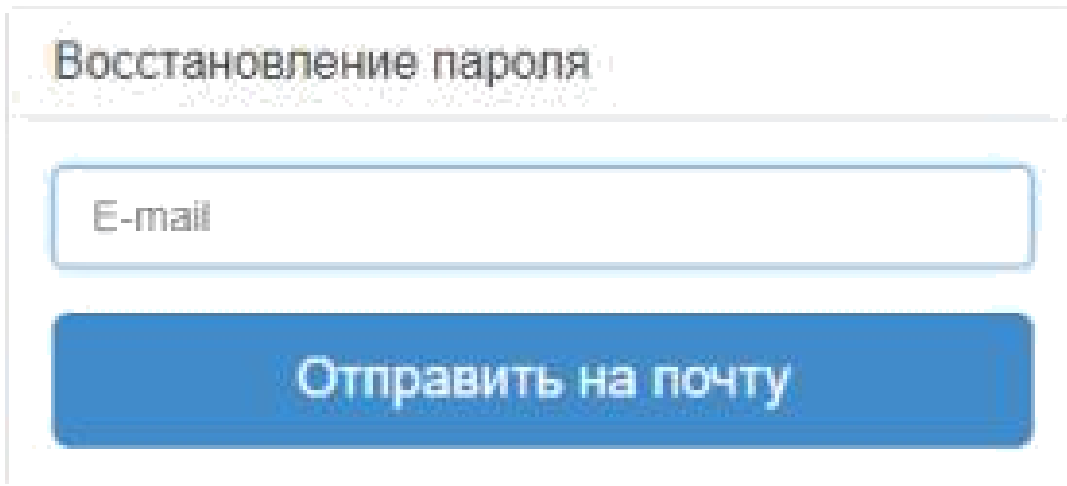

Try to enter your password and e-mail once again, if it doesn't work, it means that you forgot your password, press the button FORGOT YOUR PASSWORD?

(Error: Login and password are incorrect, Forgot your password?)

After the successful authorization you will see the button with the pop-down website menu (Fig. 17). When the registration is being created there are no actions for students except the registration itself, that's why there is only one button EXIT in the pop-down list. Soon there will appear such buttons as NEWS FROM THE DEVELOPERS for users to see all the changes connected with the personal account development, portfolio and other things, and the button PERSONAL ACCOUNT.
